Using file, you can circumvent those limits without paying to upgrade your team chat service. The cost of that data transfer is covered by your internet serviceor the data plan on your phone. You can give this download link to your friends by mail or instant messenger. No account or credit card is required to getstarted. There are no restrictions on the number of times a file can be downloaded. Our service is completely free for everyone. We have no file size limit. Thisis easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You can upload any type of file (movies, music, documents, images, zipfiles and more). Keep your files private, or send your download links only to friends or family. Why pay storage fees for a file that you just wanted to send to afriend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. File is free to use with no gotchas and nohidden fees. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. You don't need any special software installed tobe able to download your files. If only we could, we surely would! On the other hand, using file can actually save you money. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Your wallet will be none-the-lighter! Just so we're all100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Files can be downloaded from any computer from our high speed servers. Unfortunately, we can't make that part free. filehosting provides an easy possibility for you to send large files to your friends. So try our free and simple filehosting service now. It is also allowed to link to the download page from websites and communities. Just upload the file you want to share with your friends and we send you a download link to your file. Simply upload your fi
