The cost of that data transfer is covered by your internet service or the data plan on your phone. Any file in any format can be uploaded and downloaded forfree. Files can be downloaded from any computer from our high speed servers. Why pay storage fees for a file that you just wanted to send to a friend orcolleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Just upload the file you want to share with yourfriends and we send you a download link to your file. Keep your files private, or send your download links only to friends or family. You can give thisdownload link to your friends by mail or instant messenger. Using file, you can circumvent those limits without paying to upgrade your team chat service. Filestransferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Alternatively you can choose toshare your download links on blogs, forums and social networking sites. You decide who you want to share your files with. You can upload any type of file(movies, music, documents, images, zip files and more). So try our free and simple filehosting service now. If only we could, we surely would! On the otherhand, using file can actually save you money. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is beingtransferred between your computer or phone and our servers, then from our servers to your friends device. Our service is completely free for everyone. We haveno file size limit. There are no restrictions on the number of times a file can be downloaded. When you use file, you avoid storing the file you're sending inyour cloud storage or mail server.
