Maybe even better than free.

Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. There are no restrictions onthe number of times a file can be downloaded. Unfortunately, we can't make that part free. File is free to use with no gotchas and no hidden fees. Your walletwill be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers,then from our servers to your friends device. Using file, you can circumvent those limits without paying to upgrade your team chat service. When you use file,you avoid storing the file you're sending in your cloud storage or mail server. Simply upload your file and share the link. Why pay storage fees for a file thatyou just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. If only wecould, we surely would! On the other hand, using file can actually save you money. Keep your files private, or send your download links only to friends orfamily. You decide who you want to share your files with. Alternatively you can choose to share your download links on blogs, forums and social networkingsites. You can upload any type of file (movies, music, documents, images, zip files and more). You don't need any special software installed to be able todownload your files. The cost of that data transfer is covered by your internet service or the data plan on your phone. We have no file size limit. Just upload thefile you want to share with your friends and we send you a download link to your file. This is easy, fast and reliable filehosting! You don't need any kind ofpremium-accounts. No account or credit card is required to get started. Files can be downloaded from any computer from our high speed servers. So try our freeand simple filehosting service now. Any file in any format can be uploaded and downloaded for free. It is also allowed to link to the download page fromwebsites and communities. filehosting provides an easy possibility for you to send large files to your friends. You can give this download link to your friends bymail or instant messenger. Our service is completely free for everyone.
