Updated : Tuesday 08 June 2021

Maybe even better than free.

You can upload any type of file (movies, music, documents, images, zip files and more). Any file in any format can be uploaded and downloaded for free.There are no restrictions on the number of times a file can be downloaded. You decide who you want to share your files with. When you use file, you avoidstoring the file you're sending in your cloud storage or mail server. Our service is completely free for everyone. No account or credit card is required to getstarted. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Why pay storage fees for a file that you just wanted to send toa friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. We have no file size limit. The cost ofthat data transfer is covered by your internet service or the data plan on your phone. filehosting provides an easy possibility for you to send large files to yourfriends. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You can give this download link to yourfriends by mail or instant messenger. Files can be downloaded from any computer from our high speed servers. Keep your files private, or send your downloadlinks only to friends or family. It is also allowed to link to the download page from websites and communities. If only we could, we surely would! On the otherhand, using file can actually save you money. Unfortunately, we can't make that part free. Your wallet will be none-the-lighter! Just so we're all 100% clearhere: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. So try ourfree and simple filehosting service now. Just upload the file you want to share with your friends and we send you a download link to your file. Files transferredthe old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Simply upload your file and share the link. Youdon't need any special software installed to be able to download your files. Using file, you can circumvent those limits without paying to upgrade your teamchat service. File is free to use with no gotchas and no hidden fees.
