Maybe even better than free.

The cost of that data transfer is covered by your internet service or the data plan on your phone. You don't need any special software installed to be able to download your files. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. There are no restrictions on the numberof times a file can be downloaded. Files can be downloaded from any computer from our high speed servers. Keep your files private, or send your downloadlinks only to friends or family. filehosting provides an easy possibility for you to send large files to your friends. No account or credit card is required to getstarted. So try our free and simple filehosting service now. Our service is completely free for everyone. Any file in any format can be uploaded and downloadedfor free. Unfortunately, we can't make that part free. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chatapps have limits to the size of files that can be transferred within their apps. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When youshare a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. You can give this download link to your friends bymail or instant messenger. Using file, you can circumvent those limits without paying to upgrade your team chat service. We have no file size limit. It is alsoallowed to link to the download page from websites and communities. If only we could, we surely would! On the other hand, using file can actually save youmoney. Simply upload your file and share the link. You decide who you want to share your files with. You can upload any type of file (movies, music,documents, images, zip files and more). Alternatively you can choose to share your download links on blogs, forums and social networking sites. Just uploadthe file you want to share with your friends and we send you a download link to your file. File is free to use with no gotchas and no hidden fees. This is easy,fast and reliable filehosting! You don't need any kind of premium-accounts.
