Our service is completely free for everyone. Any file in any format can be uploaded and downloaded for free. You can upload any type of file (movies, music, documents, images, zip files and more). Just upload the file you want to share with your friends and we send you a download link to your file. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. If only we could, we surely would! On theother hand, using file can actually save you money. Files can be downloaded from any computer from our high speed servers. When you use file, you avoidstoring the file you're sending in your cloud storage or mail server. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also,many team chat apps have limits to the size of files that can be transferred within their apps. Your wallet will be none-the-lighter! Just so we're all 100% clearhere: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. This iseasy, fast and reliable filehosting! You don't need any kind of premium-accounts. File is free to use with no gotchas and no hidden fees. filehosting provides aneasy possibility for you to send large files to your friends. Alternatively you can choose to share your download links on blogs, forums and social networkingsites. We have no file size limit. Using file, you can circumvent those limits without paying to upgrade your team chat service. Simply upload your file andshare the link. You don't need any special software installed to be able to download your files. Keep your files private, or send your download links only tofriends or family. So try our free and simple filehosting service now. Unfortunately, we can't make that part free. You decide who you want to share your fileswith. No account or credit card is required to get started. You can give this download link to your friends by mail or instant messenger. It is also all
