Keep your files private, or send your download links only to friends or family. If only we could, we surely would! On the other hand, using file can actuallysave you money. File is free to use with no gotchas and no hidden fees. You decide who you want to share your files with. You don't need any special software installed to be able to download your files. Our service is completely free for everyone. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Files can be downloaded from any computer from our high speed servers. Simply upload your file and share the link. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Unfortunately, we can't make that part free. You can upload any type of file (movies, music, documents, images, zip files and more). Any file in any format can be uploaded and downloaded for free. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. So try our free and simple filehosting service now. Just upload the file you want to share with your friends and we send you a download linkto your file. There are no restrictions on the number of times a file can be downloaded. When you use file, you avoid storing the file you're sending in yourcloud storage or mail server. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred betweenyour computer or phone and our servers, then from our servers to your friends device. Alternatively you can choose to share your download links on blogs, forums and social networking sites. The cost of that data transfer is covered by your internet service or the data plan on your phone. We have no file size limit. You can give this download link to your friends by mail or instant messenger. No account or credit card is required to get started. It is also all
