Maybe even better than free.

Alternatively you can choose to share your download links on blogs, forums and social networking sites. File is free to use with no gotchas and no hidden fees. Just upload the file you want to share with your friends and we send you a download link to your file. We have no file size limit. Any file in any format can be uploaded and downloaded for free. There are no restrictions on the number of times a file can be downloaded. No account or credit card is required to get started. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. The cost of that data transfer is covered by your internet service or the data plan on yourphone. It is also allowed to link to the download page from websites and communities. Keep your files private, or send your download links only to friends orfamily. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Our service is completely free for everyone. So try ourfree and simple filehosting service now. You can upload any type of file (movies, music, documents, images, zip files and more). You decide who you want toshare your files with. You can give this download link to your friends by mail or instant messenger. If only we could, we surely would! On the other hand,using file can actually save you money. filehosting provides an easy possibility for you to send large files to your friends. This is easy, fast and reliablefilehosting! You don't need any kind of premium-accounts. Files can be downloaded from any computer from our high speed servers. Unfortunately, we can'tmake that part free. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Why paystorage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferredwithin their apps. Simply upload your file and share the link. You don't need any special software installed to be able to download your files. Using file, you cancircumvent those limits without paying to upgrade your team chat service.
