Maybe even better than free.

Any file in any format can be uploaded and downloaded for free. Our service is completely free for everyone. You decide who you want to share your fileswith. You can upload any type of file (movies, music, documents, images, zip files and more). When you use file, you avoid storing the file you're sending inyour cloud storage or mail server. Simply upload your file and share the link. The cost of that data transfer is covered by your internet service or the data planon your phone. Keep your files private, or send your download links only to friends or family. Files transferred the old-fashioned way tend to pile up and beforgotten about, eventually costing you money in data storage fees. Just upload the file you want to share with your friends and we send you a download link toyour file. We have no file size limit. You don't need any special software installed to be able to download your files. You can give this download link to yourfriends by mail or instant messenger. Files can be downloaded from any computer from our high speed servers. It is also allowed to link to the download pagefrom websites and communities. Alternatively you can choose to share your download links on blogs, forums and social networking sites. If only we could, wesurely would! On the other hand, using file can actually save you money. Unfortunately, we can't make that part free. Your wallet will be none-the-lighter! Justso we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. File is free to use with no gotchas and no hidden fees. filehosting provides an easy possibility for you to send large files to your friends. Using file, you can circumvent those limits without paying to upgrade your team chat service. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. No account or credit card is required to get started. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. So try our free and simple filehosting service now. There are no restrictions on the number of times a file can be downloaded.
