Maybe even better than free.

Any file in any format can be uploaded and downloaded for free. The cost of that data transfer is covered by your internet service or the data plan on yourphone. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. So try our free and simple filehosting service now. You decidewho you want to share your files with. File is free to use with no gotchas and no hidden fees. It is also allowed to link to the download page from websites and communities. Our service is completely free for everyone. Simply upload your file and share the link. Using file, you can circumvent those limits withoutpaying to upgrade your team chat service. Unfortunately, we can't make that part free. You don't need any special software installed to be able to downloadyour files. You can give this download link to your friends by mail or instant messenger. Files transferred the old-fashioned way tend to pile up and be forgottenabout, eventually costing you money in data storage fees. Keep your files private, or send your download links only to friends or family. Why pay storage feesfor a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within theirapps. Files can be downloaded from any computer from our high speed servers. You can upload any type of file (movies, music, documents, images, zip filesand more). Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. When you use file, you avoid storing the file you're sending in your cloud storage or mailserver. Alternatively you can choose to share your download links on blogs, forums and social networking sites. No account or credit card is required to getstarted. We have no file size limit. Just upload the file you want to share with your friends and we send you a download link to your file. There are norestrictions on the number of times a file can be downloaded. filehosting provides an easy possibility for you to send large files to your friends. If only wecould, we surely would! On the other hand, using file can actually save you money.
